

# JULY 1-7, 2018 BERMUDA OCEANOGRAPHY TRIP

## “Parent and Child Learning Together”

Parents and students pack up your snorkel gear and join us for an Oceanography Trip to Bermuda! We will take ten parent/student pairs to Bermuda for a week of science fun exploring the ocean environment of Bermuda while staying at the BIOS (Bermuda Institute of Ocean Sciences) site. Parents and students will get to participate in all activities as we learn about the history of Bermuda and experience the animals/plants found on land and in the sea. Come with us snorkeling, kayaking, caving, tide pooling, and exploring a beautiful island with all its
